

ORINDA'S NO. 2 FIRE HOUSE at Orchard Road and Moraga Highway, pictured here, is almost ready for occupancy. Only cement work on the driveway and the walks remains to be done. According to the Orinda Fire Department, completion of these details is expected by the latter part of next week. Building of the \$24,825 station by the Hancock Construction Company of Lafayette has been under way since March.

Court Okays Orinda Deeds

Second major court victory in recent months upholding deed restrictions was scored this week by Orindans.

Superior Judge Harold Jacoby in Martinez issued an injunction Tuesday forbidding E. Engelke from going ahead with construction of a residence on Oakwood Road in Moraga Estates without first getting approval of his building plans by Orindans, Inc.

This followed by only a few months a similar injunction by the Superior Court against Charles C. Scurich, halting his building of an Oak Drive home which Moraga Woodlands Association contended was sub-standard.

The order issued by Judge Jacoby against Engelke was sought on behalf of Orindans, Inc., by Dr. H. Stewart Kimball of 19 Owlhill Road, as chairman of the organization's district improvement committee.

The committee vigorously objected to Engelke's plans in March, declaring the structure would not be architecturally in harmony with other homes in the area.

At a meeting of Orindans, Inc., at that time Engelke agreed to confer with interested parties in an effort to arrive at an agreement.

Regarding his application for injunction, Dr. Kimball, who was represented by Attorney H. L. Breed of Oakland, said that the Engelke incident "is the first breach, and that is the reason we believe we must pursue enforcement of the

Gould in Korean Air Fighting

Felven E. Gould, aviation chief machinist's mate, U.S.N., son of Mr. and Mrs. J. J. Gould of Phoenix, Ariz., and husband of Mrs. Phyllis Gould of 20 Owl Hill Road, Orinda, is serving with Fighter Squadrons 781, 783 and 874 of Oakland and Los Angeles in Korean fighting.

The Naval Reserve squadrons have celebrated their return to active duty, a year ago, by blasting Korean Communists with some of the deadliest explosives known to men — fiery napalm bombs, rockets and other assortments of hot lead.

Coming from all walks of civilian life, the reserves proved the value of their weekend training by helping turn the tide against the North Korean invaders.

Sgt. R. Jenders, Korean War Vet, In Army Band

An Orinda Korean war veteran has received assignment with the 25th Army Band at Camp Kilmer, N. J.

Master Sergeant Raymond O. Jenders of 179 Orinda Highway was among the initial combat personnel from the 24th Infantry Division rotated stateside from the combat zone.

Sergeant Jenders, a holder of the Bronze Star Medal for meritorious achievement while serving in Korea, first entered the military service in 1942. He served with the occupation forces in Japan prior to the outbreak of Korean hostilities.

JOBS AT McLELLAN

The U. S. Civil Service Commission announces an examination for indefinite appointments to the positions of junior electroplater, electroplater, and sandblaster. The positions are at McClellan Air Force Base. Application forms and further information may be obtained from any first or second class post office throughout Northern California.

Planners Okay High School Site

Acalanes High School District's application for approval of the 52-acre parcel being sought in Moraga Valley as a site for a third high school was granted Tuesday night by the County Planning Commission. The land is between Orinda and Moraga, about three miles south of Orinda Crossroads and west of the creek which is parallel to Moraga Highway, on the west of the road.

New Fire House May Not Be Ready For Another Week

With cement work remaining to be done for the driveway and walks, Orinda's No. 2 fire house at Orchard Road and Moraga Highway may not be ready for occupancy until the latter part of next week, according to Assistant Fire Chief Al Winsor.

Chief H. E. Wyatt inspected the almost completed \$24,825 structure yesterday morning.

Indications are, Winsor said, that "it may be the end of next week" before the fire department moves into its second station.

Hancock Construction Company of Lafayette has been building the project for the fire district since last March. Last week J. W. Hancock, owner of the firm, expressed hope that the new fire house might be ready today.

Rev. Wm. Fay's 1st Service Here To Be on Aug. 19

The Rev. William Merrill Fay, recently ordained Episcopal deacon, will conduct his first service in Orinda Sunday, August 19.

After the service there will be a coffee hour honoring the Rev. and Mrs. Fay. This will be held in the quarters occupied by the church on Brookwood Road and will be in charge of Mrs. H. W. Pillsbury, president of the Altar Guild.

SUNDAY SCHOOL classes for St. Stephen's are scheduled to commence about the middle of September, according to F. M. Fawkes, who has been named Superintendent. Anyone who might know of a suitable meeting place for St. Stephen's Sunday School is urged to contact Fawkes.

As this is the time of year when school wardrobes are replenished, the committee for the forthcoming "Rummage Sale" suggests that all outgrown and to-be-discarded articles of clothing be set aside for this purpose.

THE BASEMENT in the William B. Sheppard residence at 631 Miner Road has been donated as a repository for the sale. It is requested that arrangements be made with Mrs. Sheppard for convenient times for delivering any articles intended for the sale.

This Sunday will be the last regular service at St. Stephen's to be conducted by Dr. Frederick A. Schilling of Berkeley. Dr. Schilling has been in charge of the mission at Orinda, pending appointment of a permanent minister.

Lieut. Harry Agler, now at Fort Lewis, is First Lieutenant Harry Agler, who was recalled to active duty with the Army recently.

Mrs. Agler has accompanied her husband north. The Aglers are Orindans, having moved here from Berkeley a short time ago.

At Fort Lewis, Washington, and awaiting further assignment, is First Lieutenant Harry Agler, who was recalled to active duty with the Army recently.

Pack 52 Picnic Set for August 18

Picnicking and games will be the order of the day for Orinda Cub Pack 52 members and their parents August 18 at Acalanes High School. Beginning at 10:30 a. m., a full schedule has been planned for the occasion.

Harry Minor, pack chairman, reports there will be a Dads-Sons baseball game, various races including the sack race, three-legged race and dashes, and there will be swimming in the Acalanes pool later in the afternoon.

Each family is to take its own picnic lunch, soft drinks to be provided free of charge for the youngsters attending. Bill Ellermeier is Cubmaster.

At S. F. Meeting

K. E. Fitch of Orinda Electric Shop, 41 Moraga Highway, was among those invited to a dinner meeting at the Fairmont Hotel in San Francisco last night, in observance of Sylvania Electric Products' 50 years of electronics and lighting research.

County Accepts Three Roads in Moraga Meadows

Three roads in Moraga Meadows—Meadow Lane, Meadow Court and Meadow Road were accepted as county roads by the Board of Supervisors Monday.

Action was taken on recommendation of County Road Commissioner Joseph Barkley.

Acceptance of the roads by the county followed a request by the Moraga Meadows Association, through Secretary Beverly J. Winthers, that the county accept Meadow Lane and Park Lane Drive.

Barkley stated last week that Park Lane Drive was already a county road but that he would check on Meadow Lane.

C of C Acts to Remove Rubbish

An address by Inspector William Koch of the Orinda Fire Department and factual pictures of rubbish in the Orinda business area spurred Orinda Chamber of Commerce directors to remedy the condition when it was brought to their attention at their meeting last week at Casa Orinda.

The board responded by appointing a committee headed by Executive Secretary Andy Blalock to investigate purchase of a portable rubbish receptacle and hiring of a person to police the commercial area weekly.

A report on the matter will be heard at the meeting of the board next Thursday.

William Worden, chairman of the bus shelter committee, reported that the Shell Oil Company had received an endorsement and allotment of funds to proceed with development of the Shell Service Station property at Orinda Crossroads.

Improvement will include a large paved area which has been offered for location of the Orinda bus shelter. Grading of the property should start by the beginning of next week, Worden reported.

President Ramsey Underwood presided over the meeting.

Park Pool Class Signup Tuesday

Third period swimming classes at Orinda Park Pool will start next Tuesday, according to Mrs. Helen Parker, publicity chairman. All applicants must register on that day or not be accepted for the course.

Due to the large classes that have been signing up, it has been necessary to rule that anyone not attending regularly will be dropped from the session, Coach Bob Edwards reports.

Perry Wilson Will Teach Art at H.S. in Boulder Creek

Perry Wilson and family left Sunday for Boulder Creek, where he is to be instructor in art at the Boulder Creek High School. The Boulder Wilsons are delighted to have their son, who is a senior in high school, teach art at the school. Perry has been in the art department at the school for several years, and his son and family have been in Jamestown, North Dakota.

Before leaving, Perry gave a talk to the Young People's Forum of the First Presbyterian Church, Oakland, which adult group meets at the Sunday School hour, on "Art in the Christian Church."

Next Sunday he will address them on "Christian Artists." He and his family will drive up from Boulder Creek for the purpose and to get more of their Lares and Penates, left at the Ralph Wilson home.

Wildcat Canyon Sale Talks On; Plan 4000 Homes

Four thousand homes on half-acre sites will be built in the Wildcat Canyon area near Tilden Regional Park if purchase of 2,625 acres of East Bay Municipal Utility District land by the Parr-Richmond Industrial Corporation and the Webb and Knapp Corporation of New York is consummated.

This was learned recently when Fred D. Parr of San Francisco said he and William Zeckendorf, president of the New York firm, are planning to buy and develop the area.

E. B. M. U. D. General Manager John W. McFarland stated that the Berkeley district is holding a \$10,000 check for a 60-day purchase option for an "undisclosed buyer." Sale price, he said, will be \$604,000.

The land had previously been offered to the city of Richmond for \$500,000.

According to Parr, a new shopping center will be built in the planned development. The first 400 of the 4,000 homes would not be available for at least two years, he said.

McFarland said that the E. B. M. U. D. board had not yet acted on the matter, and that conclusion of the transaction awaits ironing out of certain details, including protection of E. B. M. U. D. mineral rights.

The land is northeast of Berkeley and extends as far east as Orinda. It lies immediately east of the Berkeley Country Club and is entirely within Contra Costa County.

Parr stressed that the project would not be of emergency housing type, as have been many other large-scale residential developments. Permanent, middle-priced homes will be erected, he said.

Availability of materials and supplies is the big question mark regarding how soon actual construction can be started, Parr pointed out.

Zeckendorf has for years represented the Astor and Rockefeller families in real estate matters. Last year he handled real estate transactions totaling \$70,000,000. He conducted negotiations for the United Nations building site in New York.

Presto — Now You See 'Man Clerk' — Now You Don't...

Two weeks ago Mrs. Gene Tarrt was the victim of an adept purse snatcher. She went shopping in one of the Oakland department stores for a story-book doll for her young daughter.

She laid down her purse and paragon to hold up her two-year-old daughter to see the dolls, they made a decision, and when she reached for her purse, it was gone.

The "man clerk" suggested she rush immediately to the lost and found department to report it — which she did — only to discover that there was no mark clerk in the doll department and that the man had departed.

Little money was lost, but it was a new purse and it did contain identifications, driver's license and chargeplates.

Ralph Day at Leader School

Having completed his basic training at Fort Ord, Myron Ralph Day, son of Mr. and Mrs. M. B. Day of Orchard Road, was home on leave recently. He returned to Fort Ord Wednesday, to attend Leadership School.

Ralph, as he is known to his many friends, is an Acalanes High School graduate. Prior to his induction into the Army he attended San Francisco City College.

Cianciarulo on School Board; Replaces Ballard

Anthony R. Cianciarulo was sworn in Monday night as a member of the Orinda School Board, to take the place of Sever Ballard, who has gone to Holliston.

Cianciarulo, who has been appointed by County Superintendent of Schools B. O. Wilson, assumed his new duties at the board meeting at Orinda Grammar School.

An insurance broker with his office in the Central Bank Building in Oakland, Cianciarulo has been an Orinda resident for 10 years. With his wife and four daughters, he lives at 41 Estates Drive.

"Naturally, with four youngsters attending school here, I've been greatly interested in school problems," he said this week.

Anne, his oldest daughter, graduated from Glorietta School in June and will enter Acalanes High School next month. The other three girls attend Glorietta. When school starts in September, Ellen will be in seventh grade, Louise in fifth, and Claire in third.

Firemen Battle Car, Grass Fires

Two auto fires and two grass fires helped keep Orinda firemen busy during the past several days.

"Short" in the wiring was the cause of two car fires, according to Assistant Chief Al Winsor.

The first such blaze occurred the night of August 2, when flames damaged the interior of an auto parked in front of the L. Watson home at 102 Overhill Road. The car belonged to F. R. Carpenter of Oakland. The Carpenters were visiting the Watsons at the time.

Last Sunday afternoon the station wagon of George Klement caught on fire on Miner Road near Valley View Drive. Damage was confined to burned-out wiring, according to Winsor.

An approximately six-acre grass fire between Valley and Scenic Drives, in the Glorietta district, was extinguished Monday afternoon. An unoccupied state-owned former State Fire Marshal Jay W. Stevens, 51 Scenic Drive, was scorched. Three pieces of equipment were used in fighting the blaze.

Assistant Chief Winsor said he was not certain of the cause of the fire but thought it might have been started by children playing with matches.

About 1 p. m. Wednesday Mrs. D. Harman of 11 Las Palomas poured gasoline down a hole outside her home in an effort to destroy some insect pests. The grass caught on fire, with the result that a section measuring about 25 by 50 feet was burned, Winsor said.

The fire was quickly put out by the firemen.

Where to Address 6 Key Officials

Want to write your U. S. Senator, Congressman, State Senator, Assemblyman or County Supervisor? Here are their addresses:

U. S. Senator William F. Knowland and U. S. Senator Richard M. Nixon, Senate Office Building, Washington 25, D. C.

Representative George P. Miller, House Office Building, Washington 25, D. C.

State Senator George Miller, Jr., State Capitol, Sacramento, Calif. (Home address, 1016 Nevins Avenue, Richmond.)

State Assemblyman Robert L. Condon, State Capitol, Sacramento, Calif. (Home address, Route 2, Box 579, Walnut Creek.)

Supervisor H. L. Cummings, Hall of Records, Martinez, Calif. (Home address, 475 Edwards Street, Crockett.)

Double & Triple Sessions Set For Our Schools

Definitive plans for double sessions in the first three grades at Orinda Grammar School next month were announced at Monday night's meeting of the Orinda School Board.

At the same time, Superintendent Joseph L. Sheaff announced that kindergarten at Glorietta School may have to go on three sessions.

The Board session was held at Orinda School.

"There are over 100 enrolled now for Glorietta kindergarten, as against some 60 last year," Sheaff said. "If the enrollment goes much higher, we may have to institute three sessions for kindergarten at Glorietta."

Trustees Adopt \$274,465 School District Budget

With one lone taxpayer present as an observer, the Orinda School Board adopted a \$274,465 budget for 1951-52 Monday night.

The budget was approved at the board meeting at Orinda Grammar School. Following adoption, it was forwarded to Martinez for final approval by the county superintendent of schools and the Board of Supervisors.

THE BUDGET IS GEARED to a tax rate of \$1.50 per \$100 assessed valuation — the legal maximum. Actual setting of the tax rate is done by County Auditor D. M. Teeter, after which the rate is established by resolution of the Board of Supervisors.

Some \$198,000 in the budget is for the operating fund of the district, \$63,470 is for capital outlay (for land, construction, grounds improvements and equipment) and \$3,065 is in the undistributed reserve.

LARGEST SINGLE ITEM of expenditure is for instruction—\$136,190.

It is anticipated that state apportionments to the district will be \$114,676, and that district taxes will bring in \$137,503.

Travels of Lions Told at Meeting

A spur-of-the-moment program provided interesting descriptions of vacation trips taken by two members, at the Orinda Lions Club meeting Wednesday night at Orinda Willows.

Al Eberlin told of his travels through Northern California and on through Yellowstone National Park and the "Badlands" of South Dakota.

Bringing home to Lions the need for donations to the Red Cross to aid in the flood emergency, Eberlin described going through the flood area around Kansas City to Louisville, and conditions there.

Kenneth Courtwright related the course of his recent travels with his family east to Detroit, where they purchased a car, then on along the St. Lawrence River, a boat trip through the Thousand Islands, and touring through Montreal and Quebec.

A stay in Washington, D.C., where they visited relatives, and ultimately a homeward drive which included time to see ancient Indian ruins in Colorado, through Salt Lake country and then home, were part of his travelogue talk.

\$89,600 in Road Improvements Planned For Orinda in Proposed County Budget

Some \$89,600 for road improvements in the Orinda area is included in the proposed county budget for the current fiscal year, it was reported today by County Auditor D. M. Teeter.

As suggested by County Board Chairman Jack Cummings, supervisor for this district, and Road Commissioner Joseph Barkley, the breakdown of the contemplated work here, according to Teeter, is as follows:

SAN PABLO CREEK ROAD (Orinda Highway) from San Pablo Dam to Orinda Crossroads, raising level at least 15 feet higher than at present, \$3,000.

Moraga Highway, widening and installing of curbs near the Crossroads, in the vicinity of Sprouse-Reitz and Orinda Hardware stores (Golden Gate Road to Camino Encinas), \$3,000.

SLEEPY HOLLOW LANE, approximately one mile, new base and surfacing, \$19,000.

Sleepy Hollow entrance to Cotton Road, on Miner Road, breaking up, adding three-inch base, surfacing, \$15,000.

CAMINO SOBRANTE area, same type of work as on Miner Road, specific plans to be decided on later, with work to be done after sewer installation in Local Improvement

Cowan is a member of the coordinating committee assisting Director Guernsey Ford in planning for the exhibit.

Obata Painting To Be Preview Prize At Next Month's Walnut Festival Art Show

A prize award of a painting by Chiura Obata will highlight the Preview Night for the Walnut Festival's Outdoor Art Show it was revealed this week by Art Show officials.

The award painting will be a water color on silk — a dramatic cloudburst scene painted in the Colorado mountains near Chimayao, New Mexico, and displays at its best the artist's mastery of the brush.

CHIURA OBATA was born in Japan of a family of artists. He began studying art at the age of seven and at 16 he won first prize in an art competition with 40,000 other Tokyo students.

He came to the United States a few years later to study Western world painting and gave his first exhibition in San Francisco in 1927. He has since studied and painted

in Los Angeles, Santa Monica and the Hyattsville, Md. At present he is teaching fundamental brush work and advanced water color at the University of California in Berkeley.

DURING WORLD War II Artist Obata was interned at Tanforan and near Salt Lake City. He was released when his loyalty was demonstrated during a mob uprising at the Utah internment camp.

An estimated 650 students studied under him in the internment camps. It is reported. He instructed the inmates in charcoal drawing, costume design and water color.

Mme. Obata is well known in the field of flower arrangement and is a lecturer and teacher of the art. A son is an architect in Detroit, and a daughter graduated last year from the University of California and is now studying in Europe.

LEGAL NOTICE

CONTRA COSTA COUNTY PLANNING COMMISSION
O-124, Orinda Sun, August 10, 1951

NOTICE OF CONSIDERATION OF APPLICATION FOR A LAND USE PERMIT BY THE CONTRA COSTA COUNTY PLANNING COMMISSION UNDER PROVISIONS OF ORDINANCE NO. 382. NOTICE IS HEREBY GIVEN that the Contra Costa County Planning Commission will give consideration to the application of Holland Trazee for a use permit.

Said application is to modify provisions of Section 4 Subdivision A Subsection 2 of the provisions of Ordinance 382 as hereafter set forth, namely: to have five foot set back for house and eliminate set back for garage (one corner) and have a five foot side yard for garage only.

Property is located on the following maps which appear as Subsections 24 of Section 3 of Ordinance 382.

Brief description of property: that parcel of land being lot 47, Hacienda Del Orinda Unit No. 5. Said parcel fronts approximately 100 feet on the east side of Los Dedos approximately 210 feet south of E. Pulgar.

The time and place of said hearing will be in Room 210 Hall of Records, Martinez, California, August 21, 1951, 7:30 P.M.

G. F. McCORMICK, Secretary

Contractors To Hear Top NAHB Heads Wednesday

A large turnout of the membership of the General Contractors Association of Contra Costa County is expected to attend the dinner meeting of the association at 7:00 p.m. next Wednesday at Planter's Dock, Lafayette, according to Donald J. Lawrie, president of the association.

The top official of the home building industry, Frank W. Cortright, executive vice president of the National Association of Home Builders, is to be the principal speaker, according to Lawrie.

Appearing with Cortright will be Carl G. Luns, director of the technical research department of NAHB, who has been developing substitute materials which can replace critical items used by the nation's defense effort, and Mildred Clark, membership director of the national organization.

St. Mary's Will Train Civilian Defense Teachers

St. Mary's College has been selected as a training center for 11 Western States by the Federal Civil Defense Administration, according to announcement by Henry Eaton, regional director of the C.D.A.

The new school will train state and local civil defense instructors in fire fighting, police and rescue work, and methods of defense against an atomic bomb burst and radioactivity will be given, Eaton said.

A staff of six instructors will be in charge of the series of two-week courses, with 40 to 100 trainees enrolled at a time. The first course is scheduled to start early next month.

Ten acres of the 450-acre campus are to be set aside for structures, equipment and instruments to be used in training. Eaton said the school would not interfere with regular college activities. Facilities to be taken over include those of the Navy Pre-Flight School at St. Mary's during World War II.

Candidates for the training school will be selected by civil defense directors from the various state and local agencies, it is reported. The two-week course, meals and lodging will cost \$46.50 for each student.

States which may send trainees to the sessions are California, Washington, Oregon, Idaho, Montana, Nevada, Utah, Wyoming, Colorado and New Mexico.

Men Realtors Guests of Women

After the Contra Costa Real Estate Board Mart breakfast at El Nido Monday and the caravan tours that followed, the Women's Division entertained men of the Mart at a buffet luncheon at Hal's in Lafayette.

Nearly 50 real estate representatives returning from the tours, one of which was to Orinda and the other to Walnut Creek, were present at the affair.

Helen Haines is president of the Women's Division, Ann Ellerd is secretary-treasurer and Mildred Tinker, program chairman.

The time and place of said hearing will be in Room 210 Hall of Records, Martinez, California, August 21, 1951, 7:30 P.M.

Santa Maria Chapel Chosen for Wedding

Santa Maria Chapel has been chosen by Joan Foley of Piedmont for her marriage to Albert Tomlet of San Francisco, with the immediate family of the couple and close friends to attend the September 16 rites.

Following the nuptial vows, a wedding reception is to be held at Orinda Country Club.

The bride-elect has asked two other Joans, Joan Hedemark and Joan Pelletier, to be two members of her bridal party.

A trip through the tunnel to do your shopping costs you at least \$2.75 in additional expenses. Shop at home for service and savings.

'Annie Get Your Gun' To Star Martha Raye

For the first time in six years California theatergoers will have the opportunity to see in person the singing comedienne Martha Raye, who will star in the title role of "Annie Get Your Gun" at the San Francisco Opera House. The production will be presented by Paul Posz for two weeks beginning Monday.

Gene Mann, producer of "Annie Get Your Gun," has been trying for three years to book Martha Raye.

Also starring in this Irving Berlin musical will be Ray Middleton.

"Annie Get Your Gun" is the fifth and final Gene Mann musical production which Paul Posz will present this season at the Opera House.

If Those Photos Turn Out Grayish, Just Blame Fog!

Some 14 members of the Contra Costa Camera Club and their families had a field trip and picnic at Bodega Bay Sunday.

It was foggy, even misty, there. If their pictures turn out at all, they will be interesting studies in gray.

After a jolly picnic dinner, for which the fog and cold whetted appetites, they drove on to Doran, not far from Petaluma, where the sun shone brightly and where cameras again became busy.

The results of the outing will probably be shown at the next monthly print contest of the club.

Male Population Only An Illusion — Boy Scouts Home from Camp Wolfboro

If you think our boy population has suddenly increased, it's only an illusion.

All the Boy Scouts are back from Camp Wolfboro.

The final session of the Berkeley-Contra Costa Area Council Boy Scout summer camp closed last Tuesday with over 1200 boys attending the four 11-day sessions. The camp opened June 25.

A TOTAL of 175 boys returned from the session, just closed, to homes in Walnut Creek, Lafayette, Orinda, Concord and the area stretching from Richmond and Berkeley to Pittsburg.

It was one of the most successful camp seasons of all Boy Scout history in this area, according to Joe Esser, resident camp director. The food was excellent and the camp doctor was kept busy with only a few minor cuts and blisters. Besides, there are many never-to-be-forgotten camping experiences enjoyed by the boys.

CAMP WOLFBORE is one of the three Council-owned and operated camps available to registered Boy Scouts of the area. Other camps are Camp Judge Bray, a winter camp near Pinecrest where 1400 Scouts found pleasure last year, and Camp Herms, a "short-term" camp in the Berkeley hills with an attendance last year of more than 30,000 Scouts.

Each of these camps is open to any

Watermelon Flight By 'Flying Four'

Members of the Mt. Diablo Unit of the Aircraft Owners and Pilots Association recently flew to the Modesto Airport for a picnic lunch and watermelon feed.

Among those who flew from Buchanan Field were the "Flying Foursome," Mr. and Mrs. E. O. Musser and Mr. and Mrs. Gordon Wilkinson.

Trio Honored For Long Service

Two Walnut Creek men and one from Orinda were among 21 East Bay Municipal Utility District employees presented gold service pins recently for long continuous service.

Gordon Tinkham, pumping plant foreman, 112 Canyon Drive, Orinda, received a 20th anniversary pin; Edmund L. MacDonald Jr., pumping plant foreman, 1990 First Avenue, Walnut Creek, was presented a 10-year pin, and Byron V. Maynes, 1842 Bonanza Street, Walnut Creek, won his first award.

HELPFUL HINTS
FROM MILTIE
Use a colored nail polish to write your initials on the bottoms of dishes you are lending or taking to a party. It won't wash off but you can remove it with polish remover when the dishes are back where they belong.
Better be very careful, though, whenever you start fooling around with polish remover. Don't play around with it on a nice wooden table. Cause if you spill any of the stuff on it, you'll have to call us for a nice refinishing job. Or if you ruin, well enough, you can come down to our nice store and pick out a new table. We have hundreds of them in maple and birch and all styles, too, as long as it is in colonial or provincial designs. Even though you don't ruin yours, come in and see us anyway — JUST TO BROWSE.
If you've ever had a plaster wall crack while you were gently tapping a nail into it with a light tack hammer, you'll probably be glad to learn that heating the nail in hot water will lessen the danger of the plaster cracking.

Before Sunrise Tomorrow — Deer Hunt's On

A salute of scattered rifle fire beginning at one-half hour before sunrise tomorrow will herald the first of California's two general deer hunting seasons.

Until September 16, two bucks is the bag limit in most of the Coast Range counties between Glenn and Mendocino on the north and Orange and Riverside on the south.

Deer hunting in the remainder of the state takes place between September 22 and October 21.

Berry Dumplings, Sierra Flowers Part of Camp Fire Girls' Outing

Members of the Orinda Camp Fire group, under the leadership of Mrs. Everett Dempster, had a wonderful camping trip to the High Sierra, July 3 through 30.

The five girls on the outing were Peggy Gompertz, Heidi Altofer, Joyce Hudd, Iris Dempster and Janet Johns.

Also accompanying them and contributing to nature information on trees, wild flowers and birds were Mrs. Dempster and Hanns Altofer.

THE BASE CAMP was at Pacific Valley. Here one of the thrills was roasting a turkey to perfection in a live-coal-filled pit. Berry Dumplings and pineapple upside down cake were other treats.

From their base camp they took an overnight pack trip to Bull Run Meadows. Here the wild flowers

were especially beautiful.

Some of the party hiked to the top of Bull Run Mountain, starting at 10 a. m. and returning at 6 p. m. after having stopped frequently to study the trees and flowers, picnic and enjoy the view. The lovely tanager was frequently seen.

ANOTHER TIME they took a pack trip to Deer Creek, going in cars to the beginning of the trail. This, too, was arduous but thoroughly enjoyed. Fagot Finder rank was won by Peggy and Heidi, Janet, Iris and Joyce won Trail Makers rank.

On the way home they explored Murphys and Sequoia National Park.

Tomorrow the Camp Fire Girls, at the home of Mrs. Dempster, will have their Ceremonial award of ranks and honors.

'Fiesta' Hostesses' Luncheon Monday

Members of the Hostess Committee slated to assume ushering duties at the forthcoming "Fiesta of Fashions" scheduled for September 29 at St. Mary's College will be feted at luncheon next Monday at the home of Mrs. Gerald F. Bonnington, of El Sereno, committee chairman.

A presentation of the Santa Maria

Catholic Women's Club of Orinda, the "Fiesta" will incorporate luncheon, entertainment and a fashion show. Tickets may be obtained from club members or by calling Orinda 8105.

Among the hostesses named for the affair are Mesdames Edward De Laveaga, Fred Federighi, Edward Maloney, Leo Orland and George Klement.

25 Women Attend Weekend Retreat At Vallombrosa

Twenty-five friends and members of the Santa Maria Catholic Women's Club of Orinda attended a retreat at Vallombrosa in Menlo Park last weekend.

This was the first Retreat ever sponsored by the Orinda group and was, for many, their first personal participation in a Retreat. This short withdrawal from world problems and personal pressures was a new experience for these women making their first Retreat.

Response of both Catholic and Protestant women attending was favorable. Plans are already under way for another group Retreat next year.

Mrs. Dean Lippi was in charge of all arrangements for the Santa Marians. Mrs. John Stoffel, president of the Orinda group, points out that any woman wishing to attend a Retreat need not wait to join a club trip to Menlo, but may choose a weekend at her own convenience, phoning or writing the Retreat House in advance to assure herself of a room reservation.

VALLOMBROSA is one of the beauty spots of the Peninsula. Originally the Menlo Park home of the Mark Hopkins family, Vallombrosa is set among many oak trees and is surrounded by acres of lawns and gardens.

Since 1947 it has been administered by the Dominican Sisters as an all-year-round Retreat center for women who lead busy lives as housewives and business women with little time to spare from their personal responsibilities, but who feel the need of renewing their sense of spiritual perspective.

The Rev. Robert L. Gratto, S. S., professor of philosophy at St. Patrick's Seminary in Menlo, was the Retreat Master for the Orinda group. The daily schedule at Vallombrosa began with early prayers and mass, followed by lectures, conferences, study and recreational periods and ending with the Holy Hour and Benediction at 8 p. m. Meals were cooked and served by the Sisters.

ONE PARTICULARLY beautiful service which impressed the Orinda guests was the Way of the Cross, conducted outdoors with the Stations set in the oak trees in the gardens.

All of the services and activities take place on the estate at Vallombrosa, as the chapel and research library, as well as the guest quarters, are all located within the grounds.

Among those attending last weekend's Retreat were Mesdames Annette Cody and Wilbur North of Lafayette and, from Orinda, Mesdames A. V. Scollard, Charles Malone, James Strong, Robert Raskob, F. Schwab, Louis Boyen, John Boyen, George Bartlett, Lloyd O'Connell, F. J. Courneen, Alice Makinson, Charles Phillips, J. Dustin, Frank Collins and G. F. Bonnington and Miss Patricia Courneen.

Healy Gets Emblem

M. L. Healy of 97 Lombardy Lane, a glassblower with Shell Development Company, recently received his 10-year service emblem.

Shop at home — and save.

Coast Guard Lieut. Visits Relatives

Martin S. Hanson, Coast Guard lieutenant, spent four days recently with his relatives, the William A. Davises of La Espiral.

He told them interesting stories of his work at Long Beach, where he is now stationed, and of those of the Coast Guard who were at Guam and the Philippines.

4th Sermon on 'Rediscovery' Will Be Given

Rev. Godfrey Matthews will give the fourth in his series of sermons on "Rediscovery" on Sunday at 10 a. m. in the Orinda Community Church.

This sermon will be on "Rediscovery of the Church." All his sermons have been intellectually informative and spiritually inspiring.

To the children present for the first half-hour he tells a story they can understand and enjoy.

Sunday School classes during the summer also begin at 10 a. m. The special music Sunday will be a duet by Margaret Popovich and Martha Chandler.

Chit and Chat about Don and Donna

By MARY THIES

HEY, KIDS — DID YOU realize that summer vacation is more than half over?

Before you know it, we'll be waiting patiently for that "dependable" school bus and worrying about homework and other school problems.

Of course, there's always the brighter side. Seeing old friends again, those gay football games, dances — and we mustn't forget teachers, they always seem to be around.

Speaking of school — there's a rumor going around (and it's from very authentic sources) concerning a new girls' club to be started. Watch this column for more details.

Seen at a recent swim party and barbecue at the Orinda Park Pool were Carol Jean Earle, Elaine Ranker and Chris Johnson.

These same girls plus Joanne Willis and Francy Lagosen were at Jayne Kirk's house a week later for lunch and a scavenger hunt. It looks like those horses were interested in finding the treasure, too!

WHO DO YOU THINK has the best figure at Acalanes? If you want an expert's opinion, just ask Sven Greenings. He has some pretty interesting ideas on this subject.

That's all for now, but remember, if you're going to be a Freshman next year, we want to hear your news, too.

After all, you're in high school now!

My phone number is Moraga 8887.

Orinda Here and There . . .

The Dogs, Too, Agree Kolkhort Camping Was Tops

Having just returned from a sojourn to Tuolumne are the Irwin Kolkhorts.

Irv, Alice, their 18-month-old son Johnny, their four-year-old daughter Candy and their two dogs, Ginger and Girl, took off from their home with both car and trailer loaded to the hilt.

They camped out in an out-of-this-world camp site eight miles outside the town of Tuolumne. They spent a week swimming and basking in the sun.

From all reports from those present (dogs included), weather, swimming and general camping out was ideal.

Adrian Adames Now On Crest View Drive

The welcome mat is out this week for the new residents on Crest Drive, the Adrian Adames.

Mr. and Mrs. Adams recently purchased the home formerly belonging to the Cedric Ericksons.

Though everyone hated to see Cedric and Casey Erickson move away, they are very happy that just as charming a couple purchased the home.

Relatives Visit Canyon Residents

Mr. and Mrs. E. O. Musser and Mr. and Mrs. William Young of Canyon were visited this week by Mr. and Mrs. Donald G. Fleckenstein and daughter Garnet, who recently drove down from Fairbanks, Alaska, on an auto tour.

Mrs. Fleckenstein (Goldie) is the niece of Mrs. Inesse Young and Mr. Musser.

The Fleckensteins have purchased a new home at Arcata, California.

Creightons Tell of Oberlin Campus Life

Observations of current campus life by Mr. and Mrs. Joseph R. Creighton of 36 Moraga Via, who recently visited Oberlin College, and a talk by Mrs. Young Soony Chey of Korea, class of '27 member, were among highlights of the Oberlin College Alumni dinner at Durant Hotel, Berkeley, Saturday night.

Mrs. Chey told of her experiences during evacuation of her country when the Korean war started there. Election of new officers was on the business meeting agenda.

Nellie Sprowls with Marian Pittman Office

Nellie Moore Sprowls, formerly with Wallace Real Estate in Orinda for many years, is now associated with the real estate office of Marian Pittman at 232 Brookwood Road, opposite the Orinda Post Office.

Bralys Enjoy Stay At Tahoe Meadows

Colonel and Mrs. William C. Bralys of Moraga returned recently from a thoroughly enjoyed vacation at their summer cottage at Tahoe Meadows, "Sky Water."

The Bralys spent most of July there, entertaining various relatives, among whom were Mrs. Bralys's brother, James C. Eddleman, and his family from Los Angeles.

The Bralys were hosts to the bi-annual meeting of the Tahoe Meadows Club, which is comprised of summer residents of the area who are mostly Bay Area people, many of them professors at the University of California at Berkeley.

Visits Parents

Mrs. Ben Randall spent three weeks visiting her parents, the R. P. Tarrs of Tacoma, Wash. She had a fine time and didn't mind the rains too much.

Son Ben, Jr., is working during his vacation — and enjoying it — at Laurel Glen Camp in the Santa Cruz Mountains.

Aid Hospital Women

Section 2 of the Women's Guild met Tuesday morning at the home of Mrs. Idress Abbott to make bed bags for the women patients in the County Hospital. These bags, to hang on their beds, are for their personal toilet articles.

Weekend Trips

The Stanley Hunns have enjoyed a number of weekend trips to Yosemite and Santa Cruz. During dad's vacation this week he has been watching little Larry's progress in swimming at the Park Pool.

Massies Back Home

The Standish Massies have returned from a two-week stay at the "Lair of the Golden Bear" at Pinecrest. They took their young daughter Ann with them to this favorite vacation spot of many California alumni.

STORK CLUB....

WILLIAM BRITT MONAHAN

William Britt Monahan, weighing eight pounds, seven ounces, was born July 30 at Herrick Memorial Hospital, Berkeley, to Mr. and Mrs. Odie R. Monahan of 79 Loma Vista Drive. He has two brothers, Chip, 4, and Megan, 20 months. Mr. Monahan works for Herrick Hospital, in the public relations department.

Former Orindans' Son Takes Bride

Lieut. Franklin Wyman Moulthrop, U. S. Army, claimed Patricia Marie Wright as his bride at recent wedding rites at San Marino Community Church in Southern California.

Lieut. Moulthrop, who was scheduled to leave Wednesday for the Far East, is the son of the John H. Moulthrops, former Orindans.

The groom received his degree at University of California, where he was affiliated with Phi Delta Theta Fraternity. His bride is a senior at the Berkeley campus.

Several hundred friends of the young couple were present at the ceremony. Ralph A. Clark, the bride's grandfather, gave her in marriage.

Chantilly lace in a bow-knot pattern worn over satin was chosen for the bridal gown, the collar embroidered with seed pearls, the bodice snug-fitting and long sleeves tapering to a point at each wrist. A cloche of matching lace and pearls held her tiered fingertip illusion veil, her costume completed with her bride's bouquet of orchids and lilies of the valley.

The bridal attendants were gowned either in coral or Nile green net over taffeta, their flowers roses.

Present for the wedding and reception held after the ceremony at the San Marino home of the bride's mother, Mrs. James Buford Wright, were the groom's paternal grandmother, Mrs. Horace L. Moulthrop of Alameda, and his uncle and aunt, Mr. and Mrs. R. W. Moulthrop.

The couple has planned a future home in Los Angeles, where the bridegroom will return from his overseas tour of duty.

KEEP OIL LEVEL UP

There is an excellent advantage in keeping the supply of crankcase oil at the full level. It results in consumption economy. The lower the level, generally speaking, the hotter the oil gets in use. That means more of it will evaporate.

James Edward Doten and Bride Returning Soon from Honeymoon

After honeymooning at an undisclosed destination until mid-August, the newlyweds Mr. and Mrs. James Edward Doten will return to make their home at 28 The Crescent, Berkeley.

The groom, son of Mr. and Mrs. Harry T. Doten of 51 Via Hermosa, claimed Beverly Jane Bateman, daughter of the Gurth Macpherson Batemans of Berkeley, as his bride at rites solemnized July 28 at St. Clement's Episcopal Church in Berkeley.

THE BRIDE CHOSE a gown of imported lace over white satin for her wedding, an illusion yoke finishing the off-shoulder scalloped neckline, the full skirt ending in a train.

Her bonnet was fashioned of illusion medallions centered with pearl clusters, and held her circular fingertip length veil. The bride's bouquet was a shower arrangement of lilies of the valley, stephanotis and white orchids.

MAID OF HONOR WAS Miss Hope Anderson, and bridesmaids

were Hope's twin sister, Holly Anderson, Mrs. Donald E. Doten, the bridegroom's sister-in-law, and Susan Kennard.

The attendants were gowned alike in strapless pink marquisette frocks worn over taffeta, with tiny shoulder capes of the marquisette and satin cummerbunds. The maid of honor's bouquet was of pink carnations, those of other attendants, pink and lavender larkspur.

THE GROOM'S BROTHER, Donald E. Doten, 6 Via Hermosa, was best man, Ray Snowden of Sacramento, Richard Walker of Los Angeles and the bride's cousin, Jerry Mathies, performing ushering duties.

A reception was held at the College Women's Club after the ceremony. Mrs. Lloyd Callaway of La Espiral is the groom's sister.

Tell Public Officials What You Think...

IT'S VERY WRONG to consider that one's civic duty is done when he casts his vote and sends a representative to congress, the legislature, board of supervisors, council or any public office. That's like giving a youngster a change of clothes and telling him to go conquer the world.

There has been advice, recently, to the contrary. It's "propaganda" or "lobbying" to write or tell our public officials what we think — so we are told.

It may well be propaganda, but what is there to guide a public official but his conscience and his constituents.

There was a time when public office was almost a part-time job. Legislators had time to return to their homes, listen to the people, learn what was needed.

Crammed into Washington, Sacramento or Martinez, now, these same people are pressured by lobbyists almost the year round. The public need can be distorted and conscience is a frail thing.

Let your public official hear from you.

Martinez Merry-Go-Round County Administrator Position Being Created; D. M. Teeter Slated for Job

COUNTY ADMINISTRATOR — MERRY GO ROUND — PuZZ Recommended by the 1950-51 Grand Jury and by the Contra Costa County Taxpayers Association, the position of county administrator will be a reality next month, according to all indications this week.

Scheduled for first reading next Monday by the Board of Supervisors is an ordinance being prepared by the district attorney's office, to create the position of county administrator.

When the board ordered the district attorney to prepare such an ordinance last Monday, it is also announced that County Auditor D. M. Teeter would be appointed to the new post, and that Assistant County Auditor Howard McNamer would be elevated to auditor.

The county auditor's position pays \$10,000 a year. As county administrator, Teeter's yearly salary will go up to \$12,000.

Teeter's responsibilities will also increase. The job of administrator will essentially be that of a liaison officer between the Board of Supervisors and the various county departments.

Preparation of the ordinance was moved by Supervisor Warren G. Buchanan, who declared that creation of the office was necessary "to promote efficiency in a county of Contra Costa's size and importance," and who added, "It is a step in the right direction."

The motion was seconded by Supervisor Ivan T. Goyak.

The ordinance will become effective 30 days after approval by the board.

BOTH LONG-TIME RESIDENTS

Teeter, a resident of El Cerrito, and McNamer, a resident of Martinez, are both long-time county officials.

The 57-year-old Teeter, considered Contra Costa's budget expert, was appointed county auditor in 1935, to succeed the late A. N. Sullenger. He has been elected four times — 1938, 1942, 1946 and 1950 — each time unopposed. He has been in the service of the county since 1928.

McNamer, 47, entered county service in 1925 and joined the auditor's staff in 1934.

TWO MORE DEPUTY D. A.'s OKAYED

The supervisors this week approved employment of two more Grade I deputy district attorneys and directed the civil service commission to authorize examinations for the new positions.

Virus Found to Masquerade as Polio

Mrs. John P. Shally of Canyon, who recently recovered from a virus infection which she reported was found to be caused by a newly discovered germ known as Coxsackie Virus, brought an article containing the following information to the attention of the Sun.

Medical scientists are now certain that many supposed cases of infantile paralysis in which the patient suffers no crippling effects are actually not polio at all but infections with Coxsackie virus.

THIS NEWEST DISEASE germ known to medical science, which masquerades as the virus of polio, is to be discussed by its discoverer, Dr. Gilbert Dalldorf of the New York State Department of Health, at the Second International Poliomyelitis Conference in Copenhagen, Denmark. The conference is set for September 3 to 7.

Dr. Dalldorf discovered the virus during a polio epidemic in the Hudson River town of Coxsackie, New York, thus giving the disease germ its name.

Dr. E. C. Curnen of the Yale University School of Medicine will also be one of the speakers at the Copenhagen meeting's session on investigation of the Coxsackie virus.

IN THE COURSE of study it has been found that many patients with polio are infected with both the polio virus and the Coxsackie virus, it is reported.

It is only recently that medical research has begun to yield a behavior picture of Coxsackie virus, although Dr. Dalldorf made his discovery in 1947.

Guests of Barrows'

Mrs. Rowell Allene and her young daughter Mona have been house guests of the Thomas N. Barrows family in Orinda for the past few weeks.

Mrs. Allene, who is Mrs. Barrows' sister, left last Wednesday for Newport News, Virginia, to rejoin Major Allene at his new assignment.

Building Inspection Branch Has New Hours

The Contra Costa County Building Inspection Department has just completed a survey of contractors engaged in the various building trades regarding the office hours of the branch office in San Pablo.

Twenty per cent of the contractors contacted responded; 98 per cent of the responses were in favor of changing the office hours.

Therefore the following office hours for the San Pablo branch will go into effect starting Monday:

Monday and Tuesday, 1-5 p. m.; Wednesday, Thursday, Friday, 8 a. m. to noon.

State Population Gains Predicted

That California's population will increase another half-million in the next two years is the prediction of the State Department of Finance.

The department forecast a population of 11,525,000 by July 1953, in a bulletin on economic activity. A two per cent increase over the 1950 census, a total population of 10,945,000, was estimated for this year.

Recommendation that other state departments base their coming budgets on the basis of a five per cent year increase in prices was made in the bulletin.

The department said it thought ceilings on prices and wages probably would be in effect, but flexible enough to allow a general upward trend in each.

REAR LIGHTS

When driving at night be sure those rear lights are burning. Advises the National Automobile Club. Blinded by glare of oncoming headlights, drivers find it difficult to see a car ahead unless the warning red lights are burning brightly.

Hi, Ho! Come to the County Fair

One of the special attractions to be offered during tomorrow night's entertainment at the 11th Annual Contra Costa County Fair and Rodeo at Antioch is the Walnut Creek Lions Club barbershop quartet.

This county foursome is composed of Warren Swing, Leland Russell, Don Judd and Lyman Stoddard, Jr., all of Walnut Creek.

Winners of the Lions Club district and regional barbershop quartet contests, the four-man team entered the nationals at Chicago a few weeks ago and placed fifth in a field of "professionals."

Several hundred folk dancers throughout the Bay Area are expected to converge at the fair Sunday, the closing day, for a gigantic exhibition on the athletic field at 7:15 p. m.

The performances are being sponsored under the direction of the Diablo Council of Folk Dance and Square Dance Clubs.

NO LESS THAN 25 runners will be gunning for trophies and medals in the five and one-half mile Contra Costa Marathon which will be held Sunday as one of the special events of the fair.

Fred Kline, noted distance runner who is in charge of the event, said that Walter Boehm, pre-race favorite, will be out to smash the present record of 30 minutes and 18 seconds, which was established last year.

The race will begin in Pittsburg and cover five and one-half miles to the Fairgrounds.

PERSONS AT THE FAIR, which opened yesterday, have an opportunity to help tuberculosis patients at Weimar Sanitarium, according to Ethel Frances Murray, R. N., executive secretary, Contra Costa Public Health Association. Articles made by the patients under the direction of the Occupational Therapy Department, all of which have been sterilized, are on sale.

Mrs. George Matey of Orinda is in charge of the display, which includes leather belts, wallets, coin purses and hand bags, knitted metallic belts, stuffed felt toys, knitted ski caps, sequin jewelry, baby clothes, fine needlework and small ceramic items.

FREE CHEST X-RAYS to persons 15 years of age and over are available at the fair, 2 to 10 p. m.

The County Health Department unit is in charge of Ray Kennedy, x-ray technician.

A trip through the tunnel to do your shopping costs you at least \$2.75 in additional expenses. Shop at home for service and savings.

'Big Top' to be at State Fair 5 Days

All the atmosphere of the "big top," complete with trained animals, clowns and acrobats, will be at the California State Fair from August 30 through September 3 when unit one of three great extravaganzas, "Circus Days," is presented the first five days of the great exposition which runs through September 9.

"Circus Days" will star Jerry Colonna, funny man of screen and radio, supported by a fine cast.

The Black Brothers; Learmont's elephant; a ballet on horseback; Serenado, the wonder horse; Paul

Gordon, comedy unicyclist; Wildfire, the famous movie horse; Mark Smith and his Liberty Horses; the Duanees, famed aerial act; Bozo the Capitol Clown, and a clown troupe will support Colonna.

A chorus of pretty misses and four boys will provide added entertainment for "Circus Days," which promises to be an outstanding stage production.

The night theatrical performances will be held at 8:15 p. m., daily on the mammoth stage in front of the grandstand.

The Happy Country Folk

TRIPS, TRIPS, TRIPS! Wouldn't you think that when people live in such a delightful countryside as ours they would stay put for the summer?

For instance, there is Mrs. John Gompertz, who makes the journey from here to San Francisco every Thursday and Friday (ever since March, mind you) in order to do her stint at serving on the Federal Grand Jury.

More power to our local lady who trundles off to do her duty even though she has to leave her swimming and yard work.

THE JESS SCHWARCKS,

plus Jeff and Bill, plus the Stewart Brooks, plus Marcia and Bonnie, plus grandmother Grace Brooks, gathered together their camping equipment recently and headed for Lassen Park at Manzanita Lake for a 10-day tussle with Mother Nature, politely referred to as a camping trip.

One escapade was a trip over an old logging road to Butte Lake and Burney Falls. Another (this really intrigued us) was a visit to Bumpas Hell and — — — Bumpas was the gentleman's name who discovered the natural phenomenon; and as far as that other business is concerned, it is probably what he thought he saw as he gazed into the bubbling, steaming, volcanic sulphur pots.

Then, by way of cooling off, the happy group visited the Ritchie Smiths at their cabin at Paynes Creek.

MR. AND MRS. WALTER BOYSEN

have moved, are moving or are about to move into their beautiful new home in Sleepy Hollow. All we know is that we have seen their truckloads of furniture taking the Orinda tour by way of Camino Sobrante and the other side of the mountain, because of the work on Miner Road.

The John Stahles on Las Vegas are moving to Seattle. Their children, Virginia, Michael, Donna, Laurie and Barbara, are sorry to say goodbye to their Orinda chums, but are looking forward to fun in the boathouse which is at their new home on Lake Washington.

THE YOUNG ARE getting older! They seem to age faster during the summer somehow, judging by the number of birthday parties going on. Bobette Root assembled her dolls, games, favors and friends last week at the Park Pool to celebrate the passage of time. Co-celebrants were Judy Courtwright, Sylvia Bolman, Annette and Dawn Freeman, Nancy and Dixie Lee, Lynn Thompson, Vickie Powers and Margaret Bodfish.

And then comes the story of the little girl who had two birthday parties. Diane Kirsten celebrated age eight first by taking her friends to the zoo in San Francisco. Three carloads of 'em tooted across the bridge and when they counted noses to see how many turned up, they found Carol Van Gundy, Penny Humphrey, Carol March, Sharon, Garry and Randy Swedberg, Linda and Sharon Mitchell, Bonnie Styles, Susan Schilling, Beverly Boyd, Lynn and Teri Loveland, Sandra and Janet Jones, Sherrill Wirtz, Kathy and Judy Brown, Janet Twining, Michael and Laurel Kirsten. Moral support for Mother Kirsten came in the forms of Mrs. Avon Brown, Mrs. W. W. Swedberg and Mrs. W. L. Van Gundy.

They had a picnic lunch at Golden Gate Park and then returned to Mosswood Park in Oakland for ice cream, cake and gifts.

Then, just because some of Diane's chums were away for the first party, she had a second party. Joyce Bailey, Dixie Lee, Susan Dunshee, Patty Wyatt, Myrtle Lou and Pat Torney arrived at 1 p. m. in high style, all done up in their mother's hats, veils, gloves, high heels and lipstick. They solemnly sat around the tea table and made away with two quarts of cool-aid from tiny tea cups.

After that their newly-acquired dignity went to pieces and they all headed for the merry-go-round and ponies at Tilden Park.

When we talked to Mrs. Kirsten she sounded completely coherent — wonder how she did it.

ROGER DUNN is enjoying a wonderful two weeks in the Hawaiian Islands. He had a bumpy flight across but was somewhat mollified upon arrival by being luncheoned at the Royal Hawaiian by the Vad Jeltens.

Girl Scouts are girl scouting at Sierra Woodlands. The following lassies are some of the several there from our area: Judy Gompertz, Penny Marsh, Mary Dean, Susan

Photographs Depict Local Yachtsmen

While motorists take to the crowded highways, the yachtsmen take to the waterways during their summer vacations and every spare weekend, augmenting their bay cruises by longer trips up the inland waterways of the Sacramento and San Joaquin.

Of interest in the Sunday Tribune were photographs of some of these skippers, their crews and guests.

Jim Cowling, commodore of Aolian Yacht Club and Lafayette building contractor of Moraga Boulevard, his wife, Jen, and daughters Gail Patricia and Loma, are among those who have many hours of pleasure from their vacation jaunts to Steamboat Clough near Cortland, aboard their sloop.

The Cowlings are hosts to many bayside friends who enjoy the fun and hospitality aboard their boat and the floating "lanai" Jim has outfitted for the family's outdoor living room on the river.

Also pictured on the yachtsmen's page were Claudia and Martha Rees, daughters of Lloyd and Virginia Rees of Berkeley, former Orindans. The Rees' have recently returned from several weeks spent aboard their cutter, the Yo Ho Ho, on the Sacramento near Steamboat Slough. The trim yacht, which took part in the 1949 Trans-Pacific Yacht Race, was committed to boat for Sunday's Berkeley Yacht Club regatta.

Who peels the potatoes in an arrangement like that?

THE JOHN GOMPERTZ visited Rancho Navarro last weekend with son Chuck and friend Peter Sheaff. All this as they were so lonely because daughters Peggy and Jody had gone off to campfire and girl scout camps, respectively. Just like having a Republican and a Democrat in the same family, we call it.

Mr. and Mrs. Andy Anderson are off on an automobile jaunt to Seattle and Vancouver, where they will do some fishing — then onto the S. S. Princess Kathleen for that beautiful cruise up into Alaska through the inland passage.

Mr. and Mrs. Thomas Telfer escorted visiting members of their family, Mrs. Charles F. Johnson and Tampe Gerard, to Bruckway at Tahoe for a long weekend not so long ago. While there they encountered the Al Andersons, the Carlton Fishes and the Orton Lucases. As a matter of fact, the Telfers and the Lucases somehow got jumbled up on the hotel reservations, with the result that the Telfer group had to realign its respective suitcases in different quarters so that the Lucas group could take up residence on the old stamping grounds.

The visiting members from the east (we are sorry to have forgotten the exact locale) but any section beyond Ponca City is "the east" as far as we are concerned, must have marvelled at the agility and comparative ease with which Californians can move in and out of hotel suites upon a moment's notice.

Oh, well, we could go on forever, our Happy Country Folk seem to be up to so much that is of interest, but we must save something for next week — so all for now.

Shop at home — and save.

Christian Science Subject - 'Spirit'

"Spirit" will be the subject of the Christian Science Lesson - Sermon for Sunday, August 12, comprised of citations from the Bible and the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The following excerpts are taken from these citations:

Luke 4:14, 15, 36: "And Jesus returned in the power of the Spirit into Galilee; and there went out a fame of him through all the region round about. And he taught in their synagogues, being glorified of all. And they were all amazed, and spake among themselves, saying, What a word is this! with authority and power he commandeth the unclean spirits, and they come out."

Science and Health: "Ye who can discern the face of the sky, — the sign material, — how much more should ye discern the sign mental, and compass the destruction of sin and sickness by overcoming the thoughts which produce them, and by understanding the spiritual idea which corrects and destroys them" (p. 233).

"Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man" (p. 333).

Your Garden

Just a Few Weeks Off - It'll Soon Be Best Period of Year for Lawn-Making

By BERT WRIGHT

IN THE LATTER PART of August and early September, when the days become shorter, the nights cooler and the frequent fall rains start, it's nature's and the successful gardener's lawn making time.

Fall weather is ideal for quick germination and sturdy development of grass. Late summer and early fall made lawns will have a luxuriant top growth and deep sturdy root growth by the time winter comes.

MAYBE YOU HAVE JUST moved into a new home and must make a new lawn; or you have an established lawn, but one that has gone through a hard, hot summer. . . no matter what your lawn problem, fall is the best season to take care of it.

If you feel it is best to make a new lawn, rather than to try to condition it, follow these simple steps:

1. — SPADE DEEPLY. Lawn making starts with the preparation of the soil. Spade to a depth of at least six inches and pulverize thoroughly.

seed-soil contact. A tamper or wide board can be used on small areas when a roller is not available. This is an important step; do not omit it.

6. — Water often. Use a fine spray that will not disturb or move the seed. Water each day that it doesn't rain for 3 to 4 weeks. This will speed germination of the seed. After the grass is up, the daily sprinkling can be stopped.

Follow these steps and the grass will develop a strong root system before winter comes. . . this kind of a root system means a thick, green turf next summer.

REVITALIZING An established lawn. — If you decide it best keep the established sod that you have, and rework the bare and thin spots, eradication of weed growth will probably be the first job.

This is easily done with a selective lawn weed killer. Merely spray the entire area using the sidesprayer or other spray equipment.

When the weeds begin to cre, apply complete plant food at the rate of three pounds per 100 square feet over the entire area.

Be sure to knock the plant food off the grass blades with the back of a rake. Soak the lawn thoroughly.

THREE OR FOUR DAYS later, loosen the soil on thin and bare spots. Large bare spots should be spaded. Reseed these areas with a good grass seed.

Roll or tamp the newly-seeded areas. Daily sprinkling of water will hasten germination and help you to secure a good stand of grass.

A dream comes true!

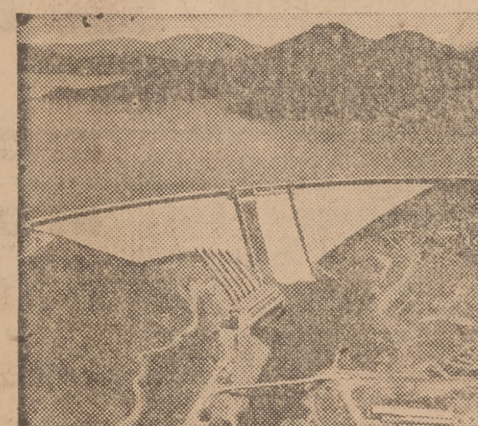

MORE WATER FOR CALIFORNIA FARMS!

Today water from Mt. Shasta flows through the canals of the great Central Valley Project. Californians have won a 16-year struggle with Nature to bring more water to the San Joaquin Valley, to add new agricultural wealth to the state.

CVP was conceived by the people of California. In 1935, they called in the U.S. Bureau of Reclamation to do the construction job. And today that job is practically finished.

All California profits, for since the business of our cities is largely dependent on agriculture, what benefits the farmer benefits everyone.

HOW P.G. and E. HELPS PAY FOR THE CENTRAL VALLEY PROJECT
and makes its water more useful...

Saves CVP users millions! Construction costs of CVP will total over 600 million dollars. This is to be repaid in 2 ways: 1) by sale of water; 2) by sale of electric power generated as a by-product. Already P.G. and E. has paid 37 million dollars to CVP for Shasta Dam power; and that power is transported to 5,000,000 Californians—everyone within reach of our lines. Our purchase of Shasta power reduces cost of irrigation water to farmers.

Aids in solving water problems. P.G. and E.'s Farm Power Advisory staff and pump testing crews are ready to help farmers get irrigation water at lowest cost. For those who switch from electric pumping to gravity irrigation, our men will assist in change-over plans. For the great majority who will continue electric pumping, our technicians will help solve water table problems. And as always, P.G. and E.'s Farm Advisory service is free.

Power rates among lowest in U.S. Electric pumping of irrigation water averages only 3 1/4% of crop production costs. Yet it is largely responsible for California farmers' high income — income which is three times the national average. Electricity and gas are both cheap in California, for P.G. and E. rates are far below the U.S. average. Other costs have skyrocketed since 1940, but P.G. and E. prices are still low — and are today's big bargain.

W. C. Friends Meet In London Travels

Three Walnut Creek residents spending the summer in Europe met in London and are now in Italy for a sight-seeing tour.

The trio includes Miss Marjorie Ann Stow, daughter of Mrs. Ruth Stow, 1721 Almond Court; Mrs. Carl Newbury and daughter, Nancy, of Walnut Boulevard.

The Newburys had arrived in London ahead of Miss Stow but met one hour after Miss Stow's plane arrived. Marjorie Ann wrote her mother here. They plan to continue their travels into France, Switzerland and Germany.

All three are expected home next month.

East Campus Bids Exceed Estimate; All Turned Down

All bids for construction of 11 temporary buildings at the 114-acre Pacheco site for the East Campus of Contra Costa Junior College were rejected Monday night by the J.C. board.

Reason was that the bids exceeded the budget appropriation for the temporary units.

According to Superintendent Drummond McCunn, the lowest bid was for \$289,288, as against the board's estimate of \$150,000.

BECAUSE OF THIS, the East Campus will open school next month in Martinez. The board voted \$3,000 to renew the lease on the old Martinez Grammar School.

Plans for the temporary units were being revised, to be submitted to bid this week, but the opening of the permanent East Campus at Pacheco was expected to be delayed until the second semester.

A budget of \$1,721,880 for the 1951-52 fiscal year was adopted by the trustees.

This budget, which was forwarded to the County Board of Supervisors, will require a tax levy of 36.618 cents per \$100 assessed valuation. Of this tax, .00618 of a cent

Diablo Chapter Has Phi Epsilon Picnic

Members of the Diablo Area Chapter of Phi Epsilon Phi Sorority recently held their family picnic at Marsh Creek.

Those enjoying a day of swimming, baseball, and good food were Mr. and Mrs. Gordon Nolerioth and sons, Mrs. Nolerioth, Sr., Mr. and Mrs. D. M. Robinson and small guest, Mr. and Mrs. Norman Smith and sons, Mrs. Smith, Sr., Mrs. Tri-glerio, all of Concord; Mrs. Jack Dennis and small sons, and Mr. and Mrs. Thomas Snow and family of Walnut Creek; Mr. and Mrs. John W. Hower of Lafayette, Mr. and Mrs. F. W. Wyatt, Patty and Bobby, and Mr. and Mrs. Robert Klem-medson and son of Orinda.

The final budget's increase of \$119,730 over the tentative budget, adopted recently, will go into the undistributed reserve.

SPORTS

Softball League All Tied Up as Tourney Interrupts Play

The Walnut Creek Merchants and Tiny's Hut are "all tied up" for top honors in the Walnut Creek Softball game, various races including diamond action ended in the League's second half of play.

Tiny's Hut copped the first half when they went undefeated despite several close scrapes.

Tiny's and the Merchants don't meet again until Monday, August 27, and lots can happen between now and then. Lots probably will happen, judging by the improved play of all clubs recently.

HOWEVER, the past week produced no startling upsets. Everything went pretty much to form. The National Guard nine forfeited another game last Friday when they were unable to field a full nine and had to borrow players to meet the Walnut Creek Merchants in an exhibition. The Merchants won, 14 to 2.

Last Monday the V. F. W. club defeated the Guard 8 to 4 while Tiny's won 4 to 0 over the Walnut Creek Legion.

THE WALNUT CREEK Merchants had things their own way when they mauled the Sun Valley nine for an 18 to 1 win which was called at the end of the fifth on Tuesday night. In the second game this night the Della Pips won an exhibition contest from Pratos of Martinez. It was a close fracas, 10 to 9.

Last Wednesday the Guard and Legion crossed bats and the Legion came out on top of an 18 to 2 score, while Della Pips won a dilly from V. F. W. in 10 innings, 1 to 0. It was one of those hot contests that threatened to end in a free-for-all.

Tournament play starts here Monday.

Boys', Girls' Tennis Tourney Starts Monday

Fifteen hundred youngsters will compete in the annual Carnation Company tennis tournament starting Monday on 18 Alameda and Contra Costa Counties playgrounds. Eliminations will continue for two weeks, according to Clove La-Croix, athletic director, with the finals to be staged at Mosswood Park, Oakland, on August 27.

The older children will hold actual competition, while the tiny tots will compete in form and accuracy.

GIRLS' AND BOYS' competitive singles will be held in the following classes: Nine years and under, 10-11, 12-13, 14-15, and 18 and under.

Trophies will be given the winners, while each entrant is to receive a tennis merit award certificate.

NEXT WEEK'S SCHEDULE in Contra Costa County:

Monday—San Ramon High School, Danville, 9 a.m. to noon.

Sideline Slants

Don Gridiron Ready, Gear Arriving, Practice Set — Rest's Up to Players!

By ERWIN MATTSO

ACALANES HIGH SCHOOL FOOTBALL FIELD is in tip-top shape and ready to go.

Groundskeeper Manuel Velasquez plans to add fertilizer in the near future, which will really give the players a carpet of grass.

Practices are slated to start at 7 p. m. on Saturday, September 1, and will run until 9 each night.

Players are urged to eat lightly prior to workouts and have a "snack" later in the evening.

Heavy eating followed by strenuous exercise can often produce cramps and physical discomfort.

THE NEW HELMETS and new game pants are already on hand, with other new gear arriving almost daily.

The helmets are the latest type in design and are made of a rubber and plastic material which gives both flexibility and protection.

The pants are the latest in nylon material, with a two-way stretch back that assures a neat fit. The material is the most durable known and has a high sheen which shows to advantage as far as appearance goes.

First consideration in any equipment is protection, with appearance coming next.

Acalanes has always been known for good equipment, and this year will be no exception.

Prospects for Bagging Buck? ... Men in Green Make Predictions

Prospects for bagging a buck or two, in the deer hunting season opening tomorrow, range from excellent to very poor.

The advance word on expected hunting conditions comes from the state's corps of fish and game wardens. The men in green put portions of Mendocino and Stanislaus Counties in the "excellent" class, while portions of Los Angeles, Mendocino and Monterey Counties qualify for "poor" ratings.

The wardens were unanimous in their warnings about extreme fire hazards and the necessity for obtaining permission to hunt on private property.

Some of the county prospects:

ALAMEDA — Fair. High fire hazard. Much land posted.

CONTRA COSTA — Good. Many areas closed to hunting by land owners.

FRESNO — Fair. Prospects better in Coalinga area.

MENDOCINO — Excellent to poor.

MONTEREY — Good. Many bucks in south county, with northern areas poor to fair hunting. Good along coast, in Carmel Valley and Chews Ridge area. Liggett military reservation closed.

SAN BENITO — Good. Deer abundant and in good shape.

SANTA CLARA — Fair. Deer in good shape.

SANTA CRUZ — Fair. County has closed 60 square miles.

STANISLAUS — Excellent. Open season on west side only. Much private property has been posted.

Tournament Play Takes Over on W. C. Diamond

BY ERWIN MATTSO

The Walnut Creek Softball League winds up the week's play when the National Guard and Della Pips engage in the 7:30 opener tonight, and the W. C. Merchants show their stuff in an exhibition as a part of the night's double bill.

Starting next Monday night "time out" is taken from League play with the County Tournament taking over for the week. The Walnut Creek League will be represented by Tiny's Hut and the Walnut Creek Merchants.

The opening night of play, Monday, August 13, finds Cataline Homes of Pittsburg drawing a bye while Kirk's Drive-In of Martinez meets up with the Dow Deacons of Pittsburg at 9:15 p. m.

ON TUESDAY, August 14, Fibreboard of Antioch tries its luck at 7:30 vs. the Walnut Creek Merchants while the Snack Shack of Concord opens against the Knightsen Stars at 9:15.

ON WEDNESDAY, August 15, Tiny's Hut meets the winner of Monday's game between Kirk's Drive-In and the Dow Deacons at 7:30, while Cataline Homes will seek a win over the Martinez Yacht Club at 9:00 o'clock.

Thursday and Friday find the winners meeting in the championship bracket.

THE TOURNAMENT play is a part of the American Softball Association program out of which will come a national champion.

The teams playing are the top representatives of their respective leagues and promises some outstanding ball for fan consumption during the week's play.

Les Lloyd as chairman of the County Softball Association will be in charge of the tournament's five nights of play which will determine the team which will go on to represent the area in future playoffs.

All signs point to a week of top-flight ball as the county's best teams go all out to win the coveted title of County Champs.

Recognition that Walnut Creek's park is the best in the county is shown by the fact that each year the county tournament is awarded Walnut Creek.

LIFE OF CHRIST PAGEANT

The "Life of Christ," a pageant production, will be presented in the Oakland Auditorium Theater beginning September 14. Thirty scenes of pageantry will be offered in one hour and 30 minutes — made possible through the use of the famous audio-perspective technique developed in the "Cavalades" at the World's Fair on Treasure Island in 1939-40.

Tuesday—Harrers Court, Orinda, 9 a.m. to noon; Civic Center, Walnut Creek, 9 a.m. to noon.

Wednesday — Mt. Diablo High, Concord, 9 a.m. to noon.

Thursday—Acalanes High, Lafayette, 2 to 6 p.m.

Friday—San Ramon High, Danville, 9 a.m. to noon.
